Hello Shana -

Thanks for reaching out - I checked the Council Member's September 4th schedule and did not see the NC meeting on his schedule. So I do not believe he personally attended that particular meeting. However, it is possible our Field Deputy or District Director attended the NC meeting. It's quite possible any reference to a "new" plan was in relation to the Central City West Specific Plan amendment, but I don't think our field staff would necessarily be totally conversant on that process.

We also introduced a Council Motion (initiating a General Plan Amendment at 1330 W. Pico Blvd.) related to a proposed convention center hotel in Pico-Union, which amends a previous Motion to refer potential future land-use changes within a specified geographic area considered "transitional" to the future Westlake Community Plan update process. Again I don't think our field staff would speak to that matter.

Gerald

Hello Gerald, FYI, this comment. Were you at the NC meeting? Was there a confusion between the Community Plan and the CCWSP?

Dr. Mr. Park-Davis:

I am a member of the MacArthur Park Neighborhood Council and would like to know the status of any update to this plan. Yesterday, Gil Cedillo made a statement that he was requesting amendments to the Westlake Community Plan and that there is a new plan in progress. Is this true?

I am currently gathering support among NCs to take action against this antiquated, 31-year-old plan that does not reflect our community's goals and values. If there is a new "Westlake Community Plan" or any amendments or updates in progress, they cannot be relevant or legitimate without input from the community. Gil Cedillo should not speak for his constituents unless or until he speaks to them about whether any amendment is desired by the community affected. Please advise.

Thank you,

Robin Lifland
